- Changing facilities at the Rec
- Traffic management proposals
- Financial support given to local based charities from RCT over the past three year
- Plans for a housing development re - Lady Windsor site
- School proposals under the RCT 21st century concept, including any RCT response to our community council observations
- Public traffic orders within Ynysybwl & Coed y Cwm - why have RCT failed to consult with YCC prior to issuing public notices
- Concept of reviewing the decision taken by RCT in 2013, where our community council was NEVER consulted, plus any response to our CC actions following the discovery, regarding this major opportunity to improve connectivity & land values, for Ynysybwl & Coed y Cwm. Requesting reconsidering of the original proposals, IF the extension to Craig y Hesk Quarry is passed by RCT Planning. Requesting a section 105 caveat should be in place to improve public transport, funded by Hanson PLC for a new park and ride facility at Glyncoch, Council had noted intensification of HGV movements between Berw Road to the quarry recently, this will increase if these plans are passed by RCT, thus our request is reasonable.
